

CADET ENCAMPMENT BEGINS SATURDAY

All Arrangements Are About Completed.

PERMISSION TO USE GUNS

Every Effort to Be Made to Give the Boys a Good Time While Away.

The detail plans for the High School Cadet encampment, which will be held at Ocean City, N. J., on August 5, for one month, have been about completed.

The date for departure has been changed from August 1 to August 5, owing to the impossibility of those having the outing in charge to make satisfactory arrangements until the later date. The special train to carry the encampment regiment will consist of four passenger coaches and baggage car and will leave over the Pennsylvania railroad on next Saturday morning at 9 o'clock.

The cadets that have already enlisted in the four different companies have been active during the past week drilling, and have been busy in trying to persuade friends who are debating whether to go or not, that they will not be sorry if they make the trip.

Drills Being Held.

Company drill was held Friday night by Capt. F. A. Marlow, of Company A, and Capt. W. U. Steinberg, of Company C. In one of the rooms of the District National Guard armory, full dress regimental drill will be held Monday and Thursday nights of the coming week in the National Guard armory, over Center Market. Commandant Howard will have charge of the drills, and will make some important announcements in regard to the trip.

The question of obtaining the use of the guns now used by the High School Cadets in their school drills, for the encampment, has been keeping officers of the regiment on the jump during the last week. Permission from the War Department for their use has been granted, and the required 200 will be secured from the high school armories for the trip.

Capt. W. U. Steinberg, of Company C, has given much of his time in trying to influence the War Department to loan the guns.

Vacancy Filled.

The position of captain in Company B, which was made vacant by the resignation of Capt. Hugh Warner some time ago, has been filled by the appointment of Cadet J. E. Law.

The Board of Education has authorized the use of the high school rosters by officers of the encampment corps, so they could reach the cadets of the different high schools of the city. Printed matter, showing what will be gained by the trip, has been sent to many undergraduates and alumni.

Every effort will be made to make the High School Cadet encampment an annual affair. All the equipment that is being bought at the present time is being purchased with that idea in view. As soon as the present trip is over all the tents and everything that is taken from the city for use at the camp will be brought back and put in storage until next year.

Ideal Camp Site.

Ocean City is pointed out as ideal for an encampment of this kind. The city is free of saloons, and the moral tone of the place is high. The bathing in the ocean at this point is as fine as any of the coast resorts, and the air is especially refreshing.

The surrounding waters offer good fishing, and fine sailing can be had. Plenty of level country adjoins the camp site, and baseball diamonds and tennis courts can be laid out, there being plenty of land for all kinds of outdoor sports.

The officers of the corps want it understood by the parents of the boys going that they will confer a favor upon them if they will let them know just what circumstances they wish their sons to indulge in.

As can be seen by the camp routine, military order will be maintained. The officers state that the chief object of the trip is to allow the cadets to enjoy themselves. Everything will be done to make the trip in charge to make every boy comfortable. Every cadet that goes will have a good time.

Minimum Outfit.

The subscriptions to the encampment fund have not been as large as had been expected. Officers of the corps have been somewhat retarded in making the plans for the trip by the lack of co-operation by citizens.

The expense of the trip to each cadet, it is said, will be about \$25. This will include railroad ticket and four weeks' board at \$5 per week. The first week's board and the \$5 for railroad ticket must be paid before tomorrow night. Capt. Thomas P. Heap will receive all payments at the Second National Bank.

Many cadets that will go say they will not be able to stay the whole time. This will necessarily cause many changes in the officers. As a special inducement, \$25 will be offered to the cadet that goes to the camp as a private and comes back as a captain.

Just what will be needed in the way of clothing for the trip can be gained by the following list. The number indicated is the minimum:

One uniform blouse, one pair trousers, one white duck trousers, one cadet cap, one white or soft hat, one drill (blue) two, one black army shirt (or white glove negligee shirts, two pairs), three pairs of regulation white collared shirts, one regulation white cuffs.

The outfit for each cadet is also reduced to the minimum:

Two double blankets, one overcoat, low slippers, one pillow and three pairs of hose, two suits underwear, a supperkerchief, two night shirts, six handkerchiefs, three towels, one cloth brush, one comb and brush, one shoe brush, one tooth brush, one shaving outfit, one knife, fork, and teaspoon, one soup spoon, one wash basin, one bathing suit, one athletic suit.

Men may bring whatever else they please in the line of fishing tackle, cameras, and musical instruments.

Recreation at Camp.

The routine that will be maintained

SULTAN'S VENGEANCE IS VERY FEROCIOUS

Men and Women by the Scores Decapitated or Thrown Into the Bosphorus, and Terror Reigns at the Palace.

(Special Copyright Cable.)

VIENNA, July 29.—It is reported here that a perfect reign of terror exists at Yıldiz Kiosk ever since the attempted assassination of last week. Men and women by the scores have been decapitated or thrown into the Bosphorus, because their enemies in the palace had denounced them to Abdul Hamid as dangerous revolutionists. The Sultan is still living in deadly terror and if

he had his own way, would order the execution of everybody in the palace, but is opposed by his ministers, who try to stem the rising tide of hatred against this ruler whom the greater majority of officials consider absolutely insane.

It is more than likely that the palace revolution may take place any day and that Abdul Hamid some morning will find himself condemned to the same fate to which he condemned his brother, if he is not killed outright in his bed or poisoned.

at the camp during the four weeks will be as follows:

6:50 a. m., first call (bugle); 7 a. m., reveille, setting-up exercises, and bath; 8:30 a. m., assembly; 8 a. m., breakfast; 8:45 a. m., inspection; 9 a. m., guard mount; 10 a. m., athletic games and intermission; 12:20 p. m., recall; 12:30 p. m., dinner, intermission; 5:50 p. m., assembly; 6 p. m., supper; 7 p. m., dress parade and retreat; 8 p. m., entertainment; 9:45 p. m., tattoo; 10 p. m., taps; all night, guard duty.

Officers of the encampment corps who are working to make the outing a success are Commandant C. O. Howard, Dr. T. C. Hutchinson, who will have charge of the medical staff; Capt. Theodore P. Heap, chief of staff; Albert G. Winkler, chief quartermaster; Capt. C. W. Foster, chief military instructor of the camp; Col. C. W. Fulton, Regimental Adjutant V. I. Richards, Major Charles H. Potter, Major Eugene F. Tyler, and Captains Marlow, Law, and Steinberg.

SMOKE LAW VIOLATION COSTS TEN-DOLLAR BILL

W. W. Griffith appeared in the District branch of the Police Court yesterday and pleaded guilty to a charge of violating the smoke ordinance.

He was fined \$10 by Judge Kimball. The fine was paid.

Inspector Wollard testified that on July 7 he stood on the corner, near Griffith's place of business, and saw smoke issuing from his chimneys for two minutes and a half. Mr. Griffith runs a wood and coal yard at Eighth and L streets northeast.

HAWKSHAW HAD A FALL.

Falling to the pavement on Brightwood avenue, near Pomeroy street northwest, John E. Hawkshaw, forty-five years old, of Hyattsville, Md., received a laceration over his right eye which necessitated his removal to Freedman's Hospital.

After receiving treatment Hawkshaw returned to his home.

JOHANN HOCH SEEKS ADDITIONAL COUNSEL

Has Not Lost Confidence in Plotke, But Thinks He Requires Help on Appeal.

CHICAGO, July 29.—Johann Hoch, melodramatically rescued from the gibbet when the hand of the hangman practically was on the rope, signified today the determination with which he will renew his fight for life by announcing that he will ask Judge Kersten to appoint additional counsel for the preparation of his bill of appeal to the Illinois supreme court.

Hoch has not lost confidence in Attorney Isidore Plotke, who fought so hard to save him, but he says he realizes that Plotke needs help in the arduous work of preparing the appeal, and feels sure that Judge Kersten will appoint additional counsel at his request.

The famous prisoner held a levee in the corridor of the county jail today when the exercise hour came, and he was released from his cell with the other prisoners for a half hour.

EGAN DEFENDS TITLE OF WESTERN CHAMPION

CHICAGO, July 29.—H. Chandler Egan, of Exmore, successfully defended his title as Western champion at Glenview today in the seventh annual golf tournament by defeating his cousin, Walter E. Egan, by 3 up and 2 to play.

Next month, at the Chicago Golf Club's links, at Wheaton, Ill., the Exmore wizard, will defend the national championship against the best players in the country.

BUTCHERED BY MEN WHO ROBBED HIS SHOP

Joseph Moyer, Detroit, Beaten Down With a Hatchet or Meat Cleaver.

DETROIT, Mich., July 29.—Beaten down with either a hatchet or a meat cleaver while attempting to defend the many thousands of dollars' worth of jewelry and other valuables in his pawn shop at 42 Monroe avenue, Joseph Moyer, a wealthy Jew, fifty-four years old, was butchered early last evening while hundreds of persons were passing the place, and the robbers escaped with nearly \$10,000 worth of valuables, including about \$1,000 in cash.

Moyer was not dead when found. He was unconscious, but he never revived to whisper a word as to the identity of his murderers. It was shortly before 7 o'clock in the evening when the dying man was taken from the pawnshop, where he had been engaged in business for years, and carried on a stretcher to an ambulance. He was conveyed to St. Mary's Hospital, where he died without regaining consciousness and before his wife could reach him.

CHURCHILL'S BILL REJECTED IN COMMONS

LONDON, July 29.—The house of commons has refused by 239 to 175 to permit Winston Churchill to introduce a bill limiting the life of parliament to five instead of seven years. Mr. Churchill explained that parliament is steadily losing authority over the government, and more frequent appeals to the country would be of national advantage.

KLEINDIENST HAS CASE POSTPONED

Counsel Asks for a Postponement—Offer Released on Personal Bond.

BALTIMORE, Md., July 29.—Raymond Kleindienst, the Washington policeman who is accused of assaulting Anthony Rettallata, a saloonkeeper of this city, appeared before Justice Grannan, at the Central police station, this afternoon, with his counsel, former State Attorney General John P. Poe.

He was to have been tried this morning, but failed to appear, and this afternoon asked for a postponement of his case until Monday afternoon. The request was granted and he was released on his personal bond.

Kleindienst escaped from the police station last Sunday, after being put under arrest, and for a time refused to return here.

Kleindienst will not be tried by the local police trial board until after his case is disposed of in Baltimore.

PHILADELPHIA DRUMMER FOUND DEAD IN BED

WILKESBARRE, Pa., July 29.—H. N. Crawford, a Philadelphia traveling man, was found dead in a bed in the Wyoming Valley Hotel this morning. It is believed he committed suicide, as his room was filled with gas, death being due to asphyxiation.

Crawford was employed by W. J. Westcott & Co., of Philadelphia. Two notes addressed to relatives found on his dresser were taken in charge by the coroner.

PETTINGILL CREDITORS RECEIVE A DIVIDEND

Referee Farmer Authorizes a Distribution of Twenty Per Cent to Claimants.

BOSTON, Mass., July 29.—Joseph W. Lund, trustee for the creditors of Pettingill & Co., the advertising concern which, in March, 1904, was petitioned into involuntary bankruptcy, states that up to July last he had collected \$252,353, of which \$39,417 was turned over to him by the receiver. In the same period Trusting Lund has disbursed \$13,570, leaving a balance on hand of \$238,883.

Referee Farmer has authorized the payment of a 20 per cent dividend to creditors, with approved claims estimated at \$801,900, this disbursement amounting to \$100,386, which leaves a balance of \$78,606 in Mr. Lund's hands. A second dividend will be paid in three months, under the provisions of the bankruptcy act.

"BEFORE DAYLIGHT THIRST" SAVES TENEMENT DWELLERS

NEW YORK, July 29.—What the police regard as an attempt to burn the double-deck tenement at 427 Bushwick avenue, Brooklyn, this morning, was frustrated by one of the tenants who had a "before-daylight thirst." He went to get a drink and walked into a suffocating cloud of smoke. Without waiting for his drink he gave the alarm and aroused the other tenants, who escaped after something of a panic. The fire was in a pile of newspapers and rubbish, in which was secreted a bottle of kerosene and another of benzine, which was burning briskly.

50c
Girdle Belts
25c
